Notes from the previous Licensing Sub-Committees

Licensing Sub-Committee – Monday 30 October 2017 10.00am

Studio 88, 47 Whitcomb Street, WC2 (St James's Ward / West End Cumulative Impact Area)

The application was originally part heard on 3 October 2017. It was proposed that the premises would operate as a venue providing live music, dancing and private hire facilities. The capacity would be 400 people with licensable activities being sought until 01:00 Monday and Tuesday, 02:00 on Wednesday, 03:00 Thursday to Saturday and 22:30 on Sunday. An additional 30 minutes was sought in respect of the closing time. The hearing had been adjourned to give the Applicant an opportunity to produce more specific proposals in terms of licensing conditions which would ensure that the premises complied with being more entertainment and food led.

The Applicant had proposed some additional conditions at the hearing including that the premises would not operate as a nightclub. The Applicant also submitted a 'management of the outside area and dispersal' policy. The Sub-Committee took note of the Applicant's submissions but shared the view of the Licensing Authority that there were not exceptional reasons to grant the application which was contrary to policy in the West End Cumulative Impact Area. It is the Licensing Authority's policy to refuse applications for the provision of music and dancing or similar entertainment or the provision of facilities for music and dancing or similar entertainment within the Cumulative Impact Areas, other than applications to vary hours within the Core Hours. The Sub-Committee considered that the application would add to cumulative impact and the lateness and scale of the operation would be likely to undermine the licensing objectives. The Sub-Committee therefore refused the application.

9 Halkin Street, SW1 (Knightsbridge and Belgravia Ward / not in cumulative impact area)

The Caledonian Club is a private members' club currently operating under a club premises certificate. The application was for the premises to continue to be run as a members' club, with the same hours (until 01:00 every day of the week) and activities. However, it would operate under a premises licence so as to permit private functions for non-members to take place at the premises.

The Applicant had agreed the Police's and Environmental Health's proposed conditions and the Police had subsequently withdrawn their representation. Environmental Health was satisfied that the proposed conditions addressed their concerns in relation to public safety and public nuisance. They had

maintained their representation as the proposed hours were beyond Core Hours. Environmental Health advised there were no residents in the immediate vicinity and no history of complaints from residents. The Sub-Committee granted the application.

19 Ganton Street, W1 (West End Ward / West End Cumulative Impact Area)

This was an application to vary the premises licence. The Applicant proposed to change the layout and as a result increase the internal capacity from 60 covers to 70. The Licensing Authority had maintained their representation as there would be an additional 10 people in the West End Cumulative Impact Area. The Applicant's Representative made the point that the premises would continue to operate in keeping with the Council's model restaurant condition and there would be no changes to the proposed hours. The hours for licensable activities would remain within Core Hours.

The Sub-Committee granted the application, taking into account the minor impact of the application and the existing controls on the licence.

Licensing Sub-Committee – Thursday 2 November 2017 10.00am

Pitch 1612 and Pitch 1736, Villiers Street, WC2 (St James's Ward)

Street trading application was deferred.

Co-Operative, 4 Merchant Square, W2 (Hyde Park Ward / not in cumulative impact area)

This was an application to sell alcohol for consumption off the premises. The Applicant had amended the proposed hours to Core Hours for off-sales (Monday to Saturday 08:00 to 23:00 and Sunday 10:00 to 22:30) and had agreed proposed conditions. Environmental Health and two residents' associations had subsequently withdrawn their representations. The Sub-Committee considered that the application promoted the licensing objectives and granted the application.

Chutney Mary, 72-73 St James's Street, SW1 (St James's Ward / not in cumulative impact area)

The existing licence for Chutney Mary enabled the Applicant to operate the premises as a restaurant (in keeping with the Council's model restaurant condition) except for a maximum of 20 seated customers being permitted to have alcohol (served by waiter/waitress) without food until 19:30 each day in a designated area. The Applicant was now seeking to extend the supply of alcohol without food in the designated area until 22:00 each day (served by waiter/waitress) and to a maximum of 30 seated customers.

The Sub-Committee noted that a previous application to extend the hours and numbers in the designated area had been refused by the Sub-Committee in May 2016. However, at that time residents and Environmental Health had raised concerns about noise and odours relating to the premises. There had been no residential representations for the current application and Environmental Health and the Police explained that they were satisfied with the way Chutney Mary was now operating. The Sub-Committee granted the application.

Unit 4 – Happy Bar and Grill, Trocadero, 13 Coventry Street, W1 (St James's Ward / West End Cumulative Impact Area)

This was an application for a new premises licence. The Applicant sought late night refreshment (indoors), on and off sales of alcohol and opening hours until 01:00 Monday to Saturday and midnight on Sundays. The commencement hour for on and off sales sought was 08:00.

The Applicant's Representative advised at the hearing that off-sales were no longer being sought and confirmed that the premises would operate in keeping with the Council's model restaurant condition. It was proposed that there would be a maximum of 25 people who would be permitted to wait and have a drink in the holding bar, prior to having a meal. Environmental Health and the Police had withdrawn their representations. The capacity for the premises agreed with Environmental Health was 430.

The Licensing Authority maintained their representation on the grounds that the application would add to cumulative impact in the West End Cumulative Impact Area as it was for a new licence and there would be up to 430 people at the premises until 01:00 Monday to Saturday and until midnight on Sundays.

The Sub-Committee considered that this was a large new premises in the West End Cumulative Impact Area. There was a restaurant offer. The Sub-Committee noted that off sales had been withdrawn. The Council's policy is that applications for hours within Core Hours as set out in the policy will generally be granted, subject to not being contrary to other policies in the Statement of Licensing Policy. The Sub-Committee was satisfied that the Applicant could operate Happy Bar And Grill within Core Hours (a terminal hour of 23:30 Monday to Thursday, midnight Friday and Saturday and 22:30 on Sunday) without undermining the licensing objectives. This included the 25 people in the holding bar as the Council's policy accepts that customers should be able to have a drink prior to having a meal.

The Applicant was also required to demonstrate that the application would not add to cumulative impact. The Sub-Committee considered that the combination of a large capacity of 430 and a quick turnaround of customers (the Applicant stated that each customer stayed on average 52 minutes at the premises whilst consuming the meal) produced the likely effect of a large number of people leaving in the early hours of the morning which would add to cumulative impact.

The Sub-Committee therefore granted Core Hours for licensable activities except for on-sales commencing at 10:00 on Sundays (rather than midday). The Applicant would be permitted to open at 08:00 each day as applied for.
