

TOWN PLANNING APPLICATIONS WEEKLY LIST

Week Ending : 28 April 2024

CENTRAL AREA TEAM

(Covering the W1 area)

Planning Applications received by the council are set out below.

The Council welcomes comment from neighbours, amenity societies and residents groups as part of its consideration of planning applications and we recommend you do this online at www.westminster.gov.uk/planning.

Please note, some of the applications listed may be incomplete and further plans or information may be required before the application can be dealt with. Only once an application is valid will it be published online for consultation.

Ref. No. : 24/02595/TPO

Proposal : **1 x Bay (T1, front): Fell**
Reason: This multi stem Bay cluster requires periodic pruning to prevent direct damage, exacerbated by the insufficient space for them to reach their full size. Such pruning stimulates aggressive re-growth, resulting in an unsightly, densely packed, bush-like appearance devoid of natural allure whist attracting more unsightly and suckering growth. The trees, constrained within a restricted rooting environment, have been recklessly planted and left unattended for a considerable period in an entirely unsuitable location, dangerously close to buildings and a retaining wall. This negligent placement and lack of maintenance not only compromise the integrity of the trees but also jeopardize the safety of nearby structures, with direct damage to the wall now imminent. The proposed solution involves replanting with more suitable species to mitigate the ongoing threat posed by the trees' roots, which are rapidly encroaching upon the wall's foundation. This proactive measure is crucial to prevent catastrophic damage and ensure the longterm safety of the surrounding area.
