

Become a Digital Ambassador and support your community

Would you like to help us break the **digital divide**?
Are you confident with using **computers, tablets, and the internet**?

As a **Digital Ambassador**, you don't have to be an IT Whizz, you just need a bit of spare time and enthusiasm to support others with using digital technology

Typical tasks for a Digital Ambassador include:

- Teaching someone to use Google
- Helping someone set up an email account
- Setting someone up on WhatsApp or Zoom
- Helping someone research their family history or other hobby online

In return for being a Digital Ambassador you'll get:

- Free training and support with self-study courses and teaching resources
- Immense personal satisfaction that you've helped people to get connected!

As a Community Fibre Digital Ambassador in Westminster you will also receive **Tempo Time Credits** for each session you hold, for more information on this and where you can spend them visit www.westminster.gov.uk/community-fibre-digital-ambassadors For more information contact digitalplace@westminster.gov.uk
