Notes

The purchase of grave rights is for a term of 75 years for all categories except ashes niches which are for a five year (renewable) term. Fees are for at-need graves. Pre-need burial rights can be purchased in reserve where available and incur an additional 50% surcharge (except for burial chambers which are not subject to a surcharge). Pre-need graves can only be held for one interment as ground conditions and excavation regulations change over time, and an interment fee will still be charged at the time of first use.

Plot/memorial sizes

Standard path-side & non path-side = 195 x 75cms, oversize/casket = 210 x 90cms, double = 195 x 195cms, ashes plot = 60 x 60cms

Burial chambers come complete with a pre-installed memorial housing. No additional memorialisation is allowed.
