Parametres within the draft New London Plan 2017 thresholds

Parametres not within the draft new London Plan 2017 thresholds

*Although the total leisure floorspace is lower than the minimum threshold, the centre has a predominantly comparison function with most of the A1 retail units occupied by high end clothing shops.

Please note that we also intend to reduce the extent of this centre as we've identified some overlapping with another existing designation.

**We have considered A3, A4, and D2 uses.
