

General Notes

- 1-Drawing to be read in conjunction with the specification and all relevant drawings.
- 2-Do not scale from this drawing.
- 3-Contractor to check all dimensions on site. Adjaye Associates to be advised of any discrepancies between this drawing and site conditions immediately.
- 4-All works to be done in accordance with technical, Building Regulations, and material manufacturer's requirements.
- 5-Annotations and materials legend see page 00100.
- 6-Based on the principle-based solutions to the project represented in the architect's drawings, the contractor must draw up technical design shop drawings and / or a work execution project for which the relevant subcontractor undertakes full responsibility for all works to be done on behalf of the contractor. Shop drawings must indicate all constructional information required by the technological, Building Regulations and material manufacturer. These drawings must be accepted by the author of the project, the client's representative and the construction supervisor.
