ADPAR STREET REACHES THE TOP

Welcome back to Adpar Street news, keeping you up to date with what's happening with the development in and around the neighbourhood.

We are delighted to let you know that our Adpar Street Development has reached the highest point in the build programme. A ceremony to celebrate this achievement took place on 29 January where Cllr Noble, Cabinet Member for Climate Action, Regeneration & Renters laid the last piece of cement to mark the occasion.

This is what Cllr Noble had to say, "The project is vital in helping the City Council meet our Fairer Westminster objectives and schemes such as Adpar enables our older residents to live with dignity and pride in later life. It also helps to meet the pressing need for both affordable and community-supported housing."

CURRENT SITE PROGRESS

LOCAL LETTINGS PLAN

Westminster has made a commitment to deliver more affordable homes for local people. To be considered for one of these new homes, individuals must be registered on the rehousing waiting list.

Please note that if you are adequately housed in Community Supportive Housing, you may not qualify for the new homes. To be considered, please submit an application through our website at www.westminster.gov.uk/housing-register-application-form or contact the Housing Solutions Service directly at **0207 641 1000** for personalised advice and assistance.

INTERVIEW TECHNIQUES WITH STUDENTS FROM CITY OF WESTMINSTER COLLEGE

Our contractors Osborne, sub contractor 3D Personnel and Westminster Council's own Communication and Engagement Manager, Katherine Yentumi (pictured) teamed up with City Westminster College to give their students practice by carrying out a mock interview. Over 10 students from the college participated and were given a taste of what they can expect at an interview, which helped them prepare for the future. The team gave participants meaningful feedback so they can put into action techniques in future interviews.
