Mrs Rosemarie MacQueen
Strategic Director, Built Environment
Westminster City Council
City Hall
Victoria Street
London SW1E 6QP

9 October 2013.

Dear Mrs MacQueen,

I write on behalf of The Knightsbridge Association (“KA”) to apply formally to establish a Neighbourhood Area to be known as KNIGHTSBRIDGE. Please find the attached map outlining the proposed area in red. This includes the Knightsbridge and Knightsbridge Green Conservation Areas, and a section of Albert Gate Conservation Area. In addition it includes Hyde Park and Kensington Gardens, both of which are part of Knightsbridge and Belgravia Ward and adjoin the built-up section, and encompass the broader area, that most would consider to be Knightsbridge.

In order for the social, economic and environmental wellbeing of the neighbourhood to continue to be promoted it is important that the area be represented cohesively as a whole, and not be fragmented into small sections.

The KA has for over 50 years been the principal guardian of the area as the residents’ and amenity association. We are consulted on all environmental matters including: planning, cleansing, licensing, highways, transport and parking. We have approximately a membership of 1,000. Therefore, following the successful designation of KNIGHTSBRIDGE as a Neighbourhood Area, the KA would be ideally placed to promote the formation and running of a Forum for the area.

We trust that you will give our proposal for the KNIGHTSBRIDGE neighbourhood area due consideration.
