- ▶ Improvements to Parsons House

### SITE WORKING HOURS

Normal working hours are between 8am and 6pm Monday – Friday.

Welcome back to Parsons North News, keeping you up to date with what’s happening with the development in and around the neighbourhood.

## PARSONS NORTH – ONE YEAR ON

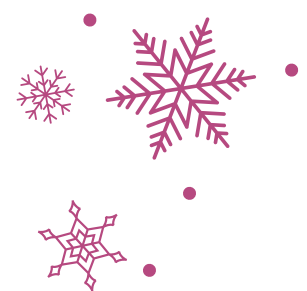

**I**t is almost a year since we started work on the Parsons North site. We are pleased to say that since then a great deal of progress has been made.

### Recent construction progress:

- ▶ The shape of the new building is emerging.
- ▶ The construction of pile caps and drainage is continuing. These pile caps will be used to support the basement slab of the new building.
- ▶ The new tower crane is now in operation and will be used to move large items around the site.

### CLOSURE OF THE SITE DURING THE CHRISTMAS PERIOD

Construction work will end on Friday 20 December and work will start again on Thursday 2 January.

## DESIGN PROPOSALS FOR PARSONS HOUSE LOBBY AREA

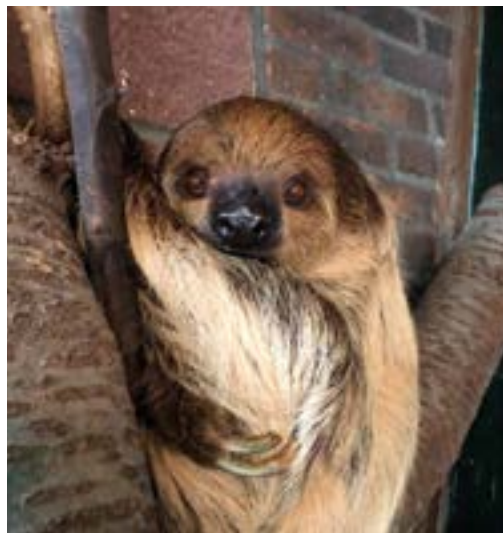

We are looking forward to showing residents our design proposal options for the new lobby entrance of Parsons House. We expect these to be ready for you early in the new year, so keep an eye out for further details in January.

## A HALF TERM TRIP TO LONDON ZOO!

A group of local residents went on a half term trip to London Zoo, where they were able to enjoy all things autumnal and meet some furry friends! Osborne arranged this event to give local people an opportunity to have some well deserved fun together away from the estate.

A fantastic time was had by everyone and the residents are looking forward to more community events in the coming months.

## LET'S HAVE A PARTY!

You are invited to come and enjoy festive fun for all the family in the newly refurbished residents' room in Braithwaite House on **Monday 16 December 3 - 6.30pm**. We are looking forward to seeing you there for refreshments, crafts, children's activities and goody bags!

## OSBORNE AND THE 'BUDDING BRUNELS' WORKSHOPS

Osborne has recently offered their construction expertise through delivering workshops to young people wanting to learn about construction related careers.

They have signed up to the 'Budding Brunels' programme which works with groups of students to design, construct and present their own building proposals.
