This letter contains essential information about how plans for the Coronation of His Majesty the King and Her Majesty the Queen Consort might affect you.

Dear Occupier,

We are writing to inform you of how The Coronation of His Majesty the King and Her Majesty the Queen Consort is being held on Saturday 6 May. Here's how these plans might affect you as a business or resident within the event footprint.

The official Coronation service will be held at Westminster Abbey, and it is expected to attract many spectators, with many more following the events of the day from various screening locations within The Royal Parks.

What to expect

The main ceremonial event for the Coronation is on 6 May but a higher footfall across Central London is expected for the entire weekend.

- During the restrictions detailed below, works and activities, including the playing of military music, may be audible at various times, including overnight. Every effort will be taken to minimise any disturbance to you.
- There will be an increased police and security presence across Central London on the days leading up to and including 6 May.
- Police, security, stewarding personnel and barriers will be deployed in areas where restrictions are required. Where appropriate, we will send an update (issued by the end of April) detailing routes to use to and from your property to minimise disruption to your activities.

General restrictions: 3 April – 15 May

To support the delivery of infrastructure and preparations for the event, localised temporary vehicle restrictions will be implemented within the grey area highlighted on the enclosed map.

To support public safety, some pedestrian paths and cycle paths will be closed during this period. There will be temporary changes to the operation of Cycleway 3. Please follow guidance on signage and from security and stewarding personnel located nearby.

Vehicle restrictions within the grey area highlighted on the map will be more widely implemented on the following dates and may cause greater disruption during this period:

- 19:00 on 17 April until 06:00 on 18 April
- 16:00 on 2 May until 09:00 on 3 May

This letter has been sent to you by the Identity Group, the producer of the Coronation event, on behalf of the organiser, Department for Culture, Media and Sport.

Event restrictions: 5 – 6 May

The grey area highlighted on the enclosed map identifies where vehicle restrictions will come into effect from 19:00 on 5 May, in order to ensure a safe and successful event.

- The Cycleway 3 and other cycle routes will be closed during this time, please follow guidance on signage located nearby.
- In addition to vehicle restrictions, pedestrian restrictions and diversions will also come into effect in some areas, but access to places of work and residences will be maintained throughout.
- Restrictions will remain in place until it is deemed safe to remove them, once the clean-up process has been completed with the support of the local authorities, soon after the event on 6 May.

Specific information on the precise nature of these restrictions will be shared in a second update letter issued by the end of April.

If your property is located outside of the restricted area, you will NOT be affected by pedestrian or vehicle restrictions. However, you may be impacted by restrictions if heading towards the event footprint.

Vehicle Restrictions: How they will affect you

The grey area highlighted on the enclosed map indicates where vehicle restrictions will come into effect.

- Deliveries and collections, including commercial and residential waste collections, will not be possible when roads are closed. We ask for your assistance by rescheduling any commercial waste collections, and not placing waste on the street during event restrictions.
- Vehicles (buses, coaches, cars, vans, trucks, or bikes) will not be allowed into the restricted event area once closures are in place.
- Vehicle parking will be suspended at some locations within the event footprint; those with resident permits will be notified and made aware of alternative arrangements.
- If you usually park within the event footprint, please follow the yellow parking suspension signage.
- If you need to use your vehicle during the restrictions, please move your vehicle outside the event footprint prior to the vehicle restrictions

Safety and security

The safety and security of businesses, residents and event attendees is of paramount importance to the success of the event.

We are working closely with Westminster City Council (WCC), City of London (CoL), Lambeth Borough Council (LBC), Transport for London (TfL), the Metropolitan Police Service (MPS), British Transport Police (BTP), London Ambulance Service (LAS) and London Fire Brigade (LFB) to plan for safety and security at the event.

- On the day, security for the event will be managed by professional security personnel and stewards, working alongside the emergency services and other agencies to monitor and manage access into the event areas.
- CCTV cameras will be in operation within and around the event footprint. The cameras are operated by trained professionals in accordance with the Surveillance Camera Code of Practice and GDPR to assist our event production company in monitoring crowd flow throughout the event.

Getting around London: Plan your journey

If you live or work within the event footprint, please remember (and remind your guests and staff) there will be large crowds in London on 6 May, and you should allow plenty of time to get around the city.

- Anyone wishing to travel to central London is strongly advised to use public transport, avoiding traveling by road, and should consider that they may need to take alternative routes to their destination.
- Roads and public transport services within the event footprint will be extremely busy and may be subject to temporary closures at short notice to manage them safely. This will include the use of pedestrian crossings.
- Roads and public transport services located within the immediate vicinity of the event footprint are also expected to be extremely busy.
- For more information, please visit Transport for London www.tfl.gov.uk and National Rail www.nationalrail.co.uk.

Contact us

For any specific queries, you can contact us directly at BandRsupport@identitygroup.co.uk

Please include the full address and postcode of the property you are enquiring about in the subject line of your email.

We will endeavour to respond to you within 5 working days.

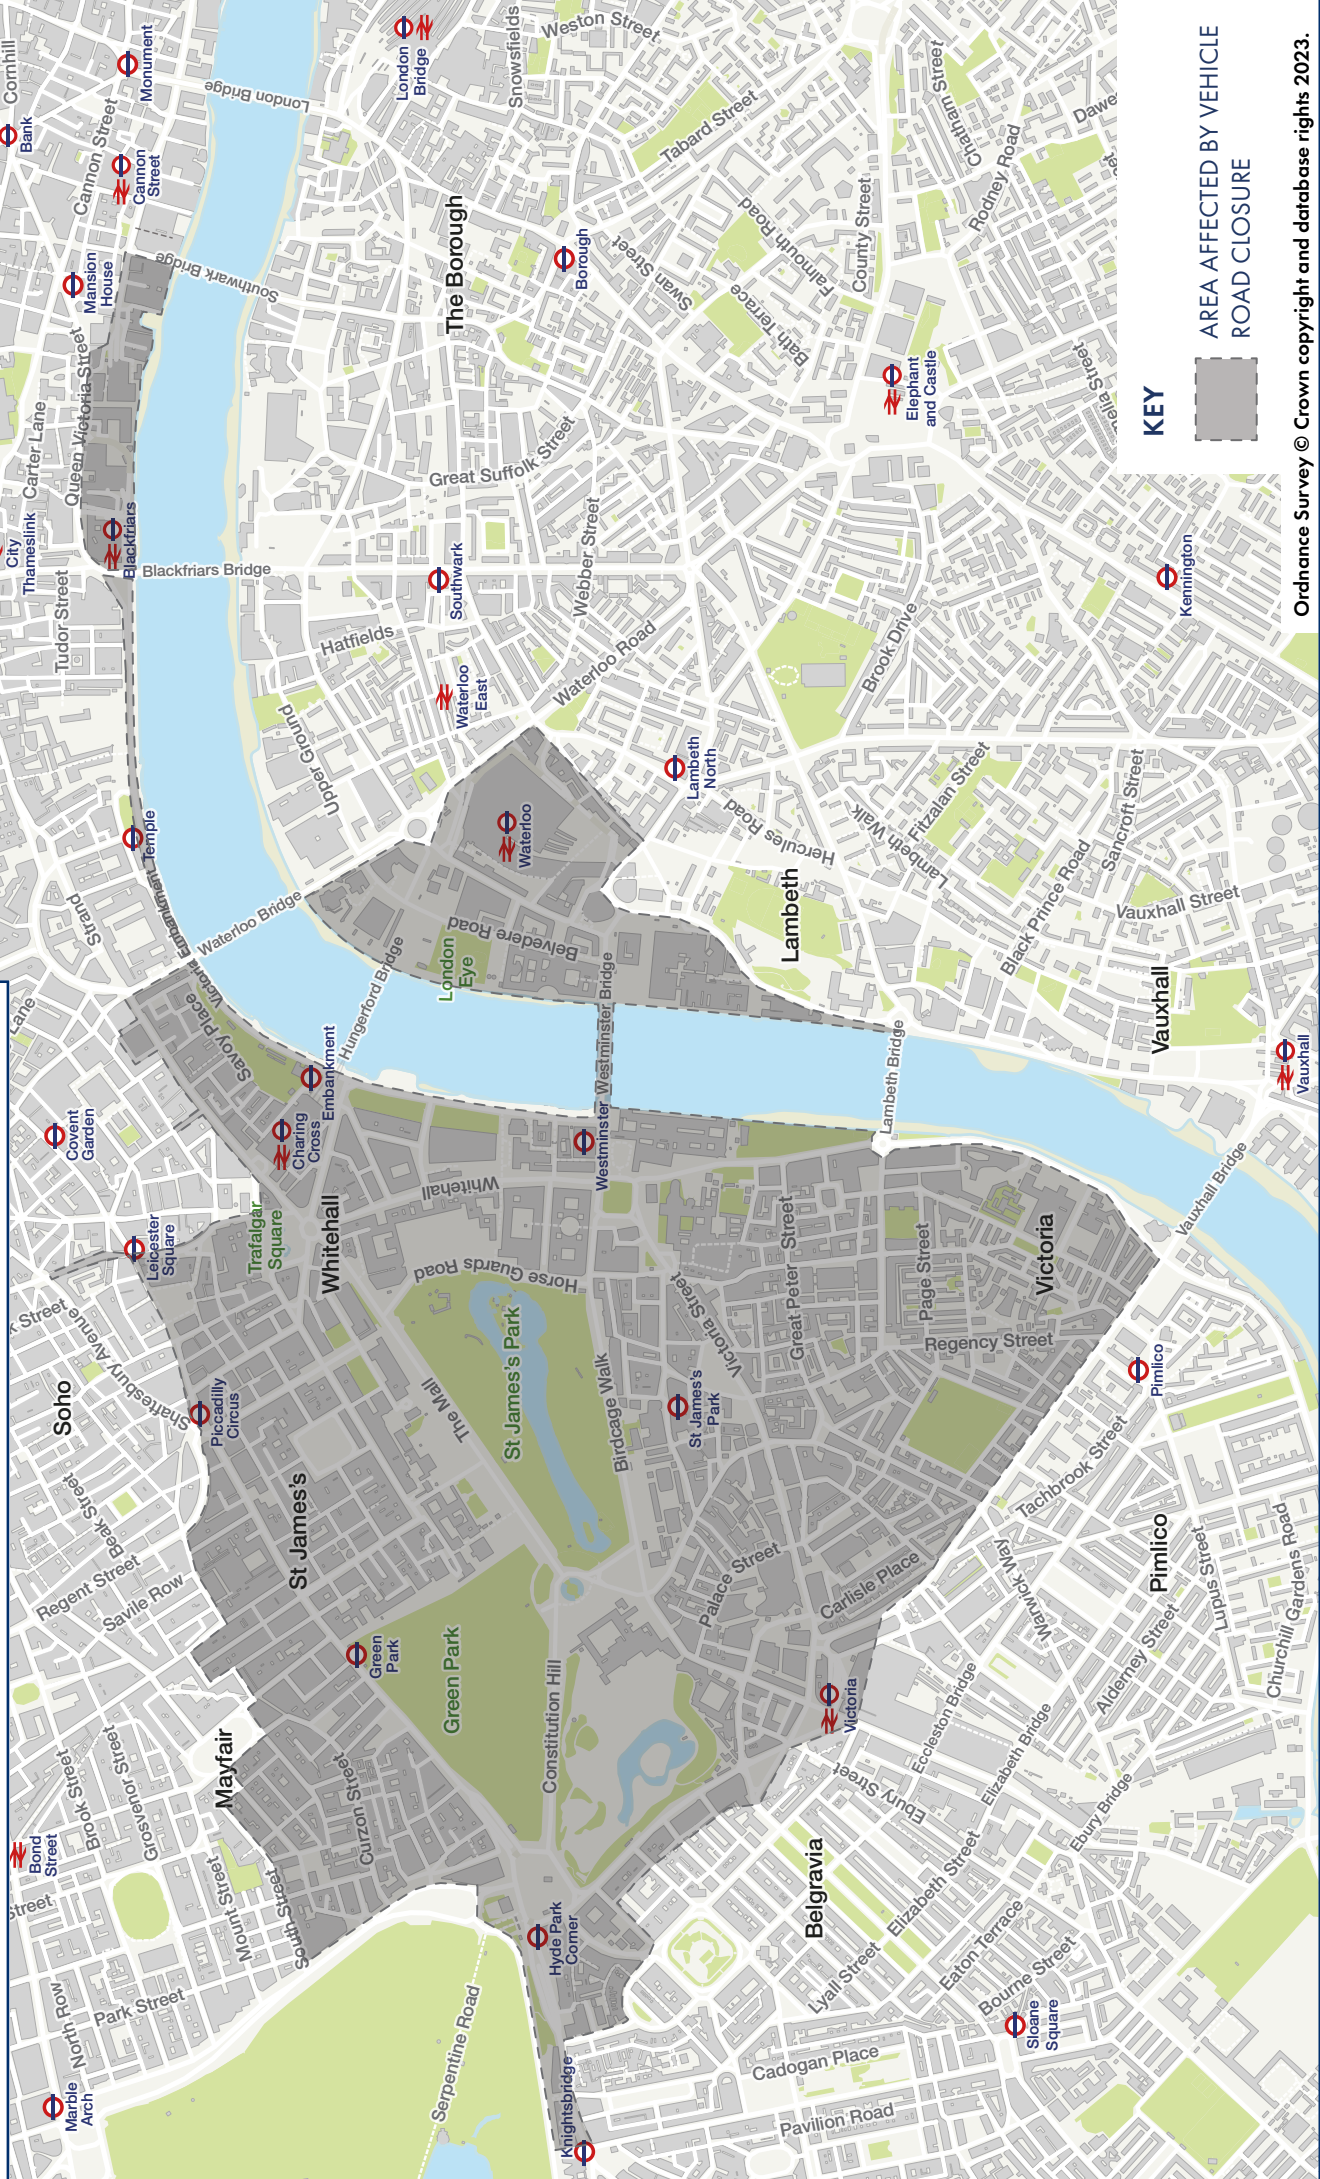

To find out more about the Coronation weekend please visit www.coronation.gov.uk.

The personal details you give us will be kept strictly confidential and will only be used to send essential information about The Coronation event. It will only be accessed by the 'data controllers', the Department for Culture, Media, and Sport (the event organiser) and their 'data processor' and the contracted event delivery partner (Identity Group). Your data will not be shared with third parties, all data will be deleted within 6 months at the end of the event.

Please note, plans are subject to change, and any subsequent updates will be communicated to those affected directly prior to the event.
